

An educated citizenry is a vital requisite for our survival as a free people.”

—THOMAS JEFFERSON

Democracy in America is rooted in a free press, an informed citizenry and unfettered access to public information.

You have a **RIGHT TO KNOW** about your government, your public officials and the institutions they manage.

We are here to protect that right and to help you exercise it by using Freedom of Information laws.

We are **NEFAC**, the New England First Amendment Coalition.
Visit us at KnowNewEngland.org.
